

## Loose parts play

“You have the right to  
play and have fun!”

– Pupil, Burgh Primary

“It is fun and exciting. I give it  
a thumbs up!”

– Pupil, Burgh Primary

Children use loose parts to build, create  
and play with in the way that interests  
them. They stretch imaginations!

Loose parts are things that children play with that aren't toys.

“Loose parts play is a way for children to play with what people would throw out. You use your imagination to make games and have fun.”

– Pupil, Burgh Primary

“Loose parts play is playing with things like ropes, old suitcases, crates etc. You can do a lot with this stuff!” – Pupil, Burgh Primary

Loose parts are often things that otherwise would have been thrown out. They are free and they are environmentally friendly too!
